EDUCATION

Bachelor of Engineering (B.E), Computer Science (2017 - 2021),

College Name : JSPM's Imperial College Of Engineering and Research

University : Savitribai Phule Pune University

- Stream : Computer Engineering.
- CGPA : 7.09 / 10.

XII (Senior Secondary)

College Name : S.V Union Junior College

- Board : HSC (Science)
- Year of Completion : 2017.
- Percentage : 64.15%

X (Secondary)

School Name : Fr Agnel's Vidyankur School.

- Board : SSC.
- Year of Completion : 2015
- Percentage : 71.00%.

INTERNSHIPS

Data Science

Company Name : PiSyst India Pvt. Ltd (Pune).

Jan 2020 - Present

POSITIONS OF RESPONSIBILITY

Project Coordinator in Mobile App Development Project in 2nd Year of Computer Science Engineering.

TRAININGS

Zensar ESD Training

- I am currently pursuing the training and I have also learned Soft skills, Python, Java, Sql, and the basics of Machine learning algorithms.

Internship (Data Science)

- I am currently Pursuing Data Science training from PiSyst India Pvt.Ltd. The training program consist of Introduction to Python with machine learning , and Machine learning Algorithms and Data Visualisation.

PROJECTS

Django-Todo App

- I have created a Todo Application in which users can Signin/Signup to the application And can also create,delete,and mark the todo as important. The user can add their todos and can access it and can perform particular options based on their preference.

<https://github.com/rohit-1305/django-todowo.git>

BE Final Year Project (Grocery App)

- In the final year project, I and my teammates decided to make a grocery app. This app can be used by many shopkeepers and customers as well. Shopkeepers can add the list of groceries present in his shop and on the other side customers can buy the grocery from any shop which he wants. Also, there will be reviews of customers on the right side of each shop. There will be two options for payment i.e. online or cash on delivery. As currently we are going through COVID-19 and we can see in a grocery shop, social distancing is not maintained properly, so in this situation, our app is very safe to use.
